If we are unable to accept your participation in this season (May – Dec), would you like to be put on our waiting list so we can call when there is an opening? Yes: _____ No: _____

Information for new applicants: Normally all stalls are already rented on a seasonal basis and these are in high demand. New applicants are encouraged to attend the Market on a daily basis (Tuesdays, Thursdays & Saturdays) and rent vacant stalls when not in use by seasonal renters. This kind of track record of attendance will help if you are on the waiting list. Preference is given to vendors who grow all of what is sold, have regular attendance as a daily vendor, who participate in Tuesday and Thursday markets as well as Saturdays and whose quality, appearance and display of product fits into the balance of the range of goods sold in the Market. No reservations may be made for daily rentals. The Market office opens at 6:00 a.m. and vacant stalls are filled on a first come-first served basis after 7:30. All paperwork, including proof of insurance and appropriate licensing must be submitted prior to occupying a stall.
